**Kay Twas The Nightshift Before Christmas Review**

**April 18th, 2020 - Kay has with much regret now left the medical world so Twas The Nightshift Before Christmas is written from a more poignant point of view with a deep respect for all NHS staff and the work they do While still maintaining a high level of edy there is a sadness that permeates the text which says more about the state of Kay?s mind than the conditions of working in the NHS"**
